CIS, Inc. and Blue Cod Expand Relationship

Marlborough, MA, June 2, 2010 – **Blue Cod Technologies, Inc.** of Marlborough, MA and **CIS, Inc.** of Savannah, GA announced today the expansion of their relationship and the signing of a long term agreement. Under the terms of the agreement, CIS will move from their existing hosted Information Technology Outsourcing (ITO) relationship with Blue Cod to full Business Process Outsourcing (BPO) arrangements. In addition, CIS and Blue Cod will partner on the delivery of web-enabled policy services for CIS agents.

“We have had a close relationship with CIS for quite some time,” said Jeff Brown, Blue Cod’s President and CEO. “This is a great example of the value of that long-term relationship. Blue Cod will be able to help CIS expand their capabilities with their agents and also will focus on providing new products and services for CIS to use to expand their business as well.”

“We are very excited about the Blue Cod agreement. Having used the BPO services previously we were able to see the potential of such a long term arrangement,” said Frank Chappell, CIS Operations Officer. “Providing web-enabled policy services to our agents is of extreme importance to us and the Blue Cod partnership will give us that opportunity.”

Blue Cod’s BPO Team offers a wide array of services to property and casualty carriers across the United States. Blue Cod’s BPO services include licensed Customer Services staff; premium processing, including lockbox capabilities; CAT Team capabilities, and full Print and Distribution services. These services will complement CIS’s current service offerings, and when combined with additional technology services, will enable them to expand and compete more effectively.

About CIS, Inc.

CIS, Inc. (formerly Chappell Insurance Services, Inc.) provides specialty automobile insurance to policyholders in Alabama, Mississippi, and South Carolina. CIS offers competitively priced policies and superior customer service available only through Professional Independent Insurance Agents.

About Blue Cod Technologies, Inc.

Blue Cod Technologies, Inc. delivers innovative solutions and services for organizations in the property and casualty insurance industry. Our hosted policy administration solution and broad spectrum of BPO (Business Process Outsourcing) services offer a complete solution for start-up carriers and companies considering venturing into new markets. Through our specialized products and services, we provide insurance companies with rapid deployment of new insurance products, enhanced disaster recovery capabilities, custom-application development, enterprise systems integration, and web-extension of enterprise systems.
