

## **Press Release**

### **Blue Cod Technologies Expansion Project**

Marlborough, MA, January 21, 2008 – **Blue Cod Technologies** announced today plans for expanding their current facilities. Blue Cod, which has experienced continued year after year robust growth, will be adding an additional 11,000 square feet to their Marlborough headquarters in the first half of 2008.

“This expansion will enable us to increase our production capabilities and continue to drive the highest quality customer service,” said Rob DelMastro, Blue Cod’s Chief Information Officer and Co-Founder. “We expect to continue our expansion efforts in the coming years as we continue to accommodate the impressive growth of our customers’ businesses.”

Construction on Blue Cod’s World headquarters will be led by Richards Barry Joyce & Partners, LLC Company based in Boston, MA.

#### **About Blue Cod Technologies, Incorporated**
