

Farmowner Coverage

The Farmowner line of business is an area frequently overlooked by many policy processing solution providers. But now Blue Cod Technologies, Inc. is able to offer Farmowner carriers a hosted, full-featured policy processing platform and optional Business Process Outsourcing (BPO) services that can address the entire scope of needs.

Blue Cod boasts a proven track record of development and implementation experience in a variety of commercial and personal lines platforms. We have built and maintained hosted processing solutions for a wide variety of property and casualty companies from small mutual carriers to specialty lines for large, national carriers. We believe that each carrier has different requirements and needs. Our belief that “one size fits one” translates into an approach of introducing our customers to innovative solutions to their business situation.

Some of the features and benefits of our offering include:

- Full policy administration, including rate, quote, and issuance; billing; and printing and distribution.
- Online Web Quoting and Submission processing.
- Automated submission and policy issuance through Blue Cod’s business rules process coordinating with carrier specific underwriting criteria.
- Optional claims processing and online First Notice of Loss (FNOL).
- Innovative pricing model.
- Print and mail all premium notices and renewal offers directly to the named insured, mortgagee, or alternate payer.

We understand that Farmowner carriers have special insurance needs. Whether your Farmowner programs are designed around Gentleman Farms or full time Livestock or Grain-Row Crop Farms or anything in between, we can implement a solution that meets your criteria.

Blue Cod is uniquely suited to be the carrier’s vendor of choice for policy processing and BPO Services. Our hosted offerings not only put the carrier in a strategically competitive position, but are also a cost effective alternative to in-house system support. Blue Cod has extensive experience in the property and casualty marketplace and a highly satisfied customer base.
