

Blue Cod Technologies, Inc. Included on the 2008 Inc. 5,000

Marlborough, MA, September 3, 2008 – Inc. recently ranked **Blue Cod Technologies, Inc.** on its annual report of the 5000 fastest-growing private companies in the country. This report is a comprehensive look at the most important segment of the economy – America’s independent entrepreneurs. These companies represent the backbone of the U.S. economy.

“Our second annual Inc. 5000 continues the most ambitious project in business journalism,” said Inc. 5000 Project Manager Jim Melloan. “The Inc. 5000 gives an unrivalled portrait of young, underreported companies across all industries doing fascinating things with cutting-edge business models, as well as older companies that are still showing impressive growth.”

This is Blue Cod’s first appearance on the Inc.5000 list and speaks to the company’s steady expansion as a provider of hosted IT and business process outsourcing (BPO) services for the property and casualty industry. Blue Cod has sustained a three-year sales growth of 109%.

“We are honored to be recognized on the Inc.5000 list,” said Jeff Brown, Blue Cod’s President and CEO. “It’s great to be recognized among top companies in such a wide range of industries, as well as among respected organizations in our own industry like AgencyPort Insurance Services and Skywire Software.”

The 2008 Inc. 5000 list measures revenue growth from 2004 through 2007. To qualify, companies must be U.S.-based and privately held, independent – not subsidiaries or divisions of other companies – as of December 31, 2007, and have had at least \$200,000 in revenue in 2004, and \$2 million in 2007.
