### **Jiencke Takes Control of Security at Blue Cod**

Marlborough, MA, September 20, 2010 – **Blue Cod Technologies, Inc.** of Marlborough, MA. is pleased to announce that Mr. Mike Jiencke, Director of Technical Service, has been appointed to Assistant Vice President of Security and Compliance, a newly created position reflecting Blue Cod's ongoing commitment protection of its' customer's data and information.

The AVP of Security and Compliance is the primarily responsible for Blue Cod's new Security and Compliance Program. Working with industry experts and consultants, Mr. Jiencke will be accountable for the creation, formalization, and ultimate success of the program. The position requires extensive knowledge of Blue Cod's business models, customers, technologies, and processes. In addition to internal knowledge, Mr. Jiencke will blend best practices and emerging techniques and technologies to the program.

“Protecting our customer's data, applications, and privacy has always been a primary imperative for our outsourcing business,” said Jeff Brown, Blue Cod's President and CEO. “Our current Technical Services teams, application developers, and other ITO teams have done a very good job of making security a key element of everything we do. This new position will bring additional internal and external focus to the continuous application of emerging technologies and best practices, and will also provide for a stringent internal audit and review process. Creation of this new position is another step forward in our ongoing commitment for our clients. And Mike has the knowledge, background, and skill move us forward. ”

According to Mr. Brown, Blue Cod has made continuous investments of corporate resources over recent years into hardware, software, and certification processes to protect our customers. This position was created to elevate the visibility of Security and Compliance at Blue Cod. The goal is to create a high-level internal function to implement policy and procedure, audit for compliance, remain current with technology changes, and with the ever-changing regulations and statues related to data privacy. The ongoing SAS70 compliance efforts will also be rolled into this set of responsibilities.

Mr. Jiencke has been with Blue Cod since 2003, and prior to that he held various senior level technical positions with high tech companies, insurance carriers, and within the higher education realm. Mr. Jiencke led the Blue Cod Tech Services team since shortly after joining the company and is intimately familiar with the hardware, software, data, and tools that drive Blue Cod's current complex set of products and services. He meets the demanding requirements for this position because of his balanced and deep knowledge of each critical component of the technology, data and applications, his experience with stakeholders and subject matter experts here at Blue Cod. He has strong background and interest in security and compliance. In addition Mr. Jiencke has been intimately involved with Blue Cod's SAS70 initiatives since those efforts began several years ago.
