Blue Cod Helps Establish Rockingham Auto Lines

Marlborough, MA, September 27, 2010 – **Blue Cod Technologies, Inc.** of Marlborough, MA. and Rockingham Group of Harrisonburg, VA are pleased to announce that Rockingham Group has migrated quoting personal auto lines of business in Pennsylvania and Virginia to a new, more advanced platform.

Using Blue Cod's *Gatewise Portal*, the Rockingham Group put Pennsylvania Auto into production in March of 2010 and Virginia in August. With this platform, Rockingham can provide accurate, on-line quotes using the same rating engine as their policy administration system. Connections are established through Lexis Nexis which generate report details including a credit score, CLUE loss information, MVR, and Data Prefill which gives vehicle and driver information.

According to Karen Bowman, Rockingham's Information Systems Manager, the process of working with Blue Cod to open these new lines of business has been a great experience.

"Blue Cod provided great support and played a role in helping us to deliver the project in Q1 by creating web services to LexisNexis and programming the application PDF," said Ms. Bowman.

About The Rockingham Group

The Rockingham Group is a financially strong and reliable insurance company with a proven reputation for being there when you need them. They combine strategic planning, financial management principles, and certified accounting practices to maintain their position in the industry. They have consistently held an A (Excellent) rating provided by A.M. Best, a well respected rating company for the insurance industry.
