**Vice President of Operations on the Way**

Marlborough, MA, July 13, 2009 – **Blue Cod Technologies, Inc.** of Marlborough, MA. is very pleased to announce that Simon de Montfort Walker has accepted the position of Vice-President of Operations. He will begin on July 13, 2009.

Mr. de M. Walker was selected from a field of over 30 talented candidates for this position. He has a strong background in operations and has extensive experience managing outsourcing groups, technology , and consulting services teams. His depth and breadth of experience positions him well for managing the diverse group of teams that currently make up Blue Cod's Operations Group – Managed IT Systems (MITS), Technical Services, Business Process Outsourcing (BPO) and Application Development (APPS).

“Simon will be an outstanding addition to the Executive Team,” said Jeff Brown, Blue Cod's CEO and President. “He brings with him experience and insights that will help us deal with the challenges that are looming on the horizon, given the frenetic pace of our year-over-year growth.”

In addition to his operations background, Mr. de M. Walker is an experienced senior leader, having held positions ranging from Director of Consulting, Vice President of Operations, General Manager, and Chief Executive Officer. Mr. de M. Walker also has deep experience working inside software firms, which will be helpful as we drive forward with the development of our new claims administration system - Gatewise Claims.

Mr. de M. Walker has worked for businesses ranging in size from start-ups and early stage companies to large international firms. He spent several years supporting the Property and Casualty Insurance vertical while working for Sapiient and has other related experiences in the insurance and financial services industries.

**About Blue Cod Technologies, Inc.**

Blue Cod Technologies, Inc. delivers innovative solutions and services for organizations in the property and casualty insurance industry. Our hosted policy administration solution and broad spectrum of BPO (Business Process Outsourcing) services offer a complete solution for start-up carriers and companies considering venturing into new markets. Through our specialized products and services, we provide insurance companies with rapid deployment of new insurance products, enhanced disaster recovery capabilities, custom-application development, enterprise systems integration, and web-extension of enterprise systems.
