Blue Cod Ranked Among Top Growth Companies in Central Massachusetts

Marlborough, MA, October 15, 2009 – **Blue Cod Technologies, Inc.** of Marlborough, MA. is pleased to be **ranked third** among the **2009 Top Growth Private Companies** in Central Massachusetts as determined by the Worcester Business Journal. The Journal cited Blue Cod's 202% growth rate over the three year period of 2006 through 2008. This year's 3rd place ranking follows last year's 9th place ranking.

“Consistent organic growth is always a challenge, even in favorable economic conditions, so we are particularly proud of our ability to grow during the current challenging market conditions,” said Blue Cod's President and CEO Jeff Brown. “Our company is built not only to withstand tough times, but to flourish in them, by targeting those services that allow our customers to remain nimble and profitable. And we benefit from the fact that we do business with well-run companies who also have a proven track-record for successfully navigating through down markets.”

This announcement follows on the heels of last summer's Blue Cod ranking of 668 in the Inc.5000 list of the fastest growing private companies in the nation.
